Community News

Birthday wishes to: Renee Bransby, Asha Brown, Danielle Riley, Jessie Davey, Shirley Elson and Callan Sims.

Cheerio to our Post Mistress Beth Thompson as she had a fall and broke her wrist. We all wish Beth a speedy recovery. Many thanks for taking on the domestic duties Gary!!! 🧡

Best wishes to Wickepin B Grade cricketers for the final which is to be played in Wickepin.

Having defeated the top team Boddington last Saturday has put them in top spot, so gaining a home final.

The Wickepin Cricket Club will be hosting their cricket grand final on Saturday 14th March at the Wickepin Oval. Game starts at 12pm and licensed bar available from 1pm. Come along and cheer on our boys as they defend their title.

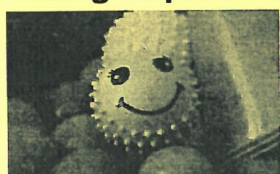

Afternoon teas will be starting again on Friday the 27th March 2020 at the Yealering hall from 2.30 pm. This month will be hosted by the Yealering Progress Association.

A great way to catch up with friends and enjoy a delicious afternoon tea.

We hope to see you there!

Calling all parents with children under 5

Did you know that there is a pre-kindy program running in Wickepin?

Like to know more? Come along for an information session at Wickepin Playgroup on Thursday 19th of March at 9.30

Vale Maisie Shipley

Maisie Shipley passed away in Narrogin hospital on the 27th February 2020, aged 95.

She and her husband Lloyd were well established farmers in Yealering before retiring to Cottesloe where they enjoyed city life and made new friends. Those were their travelling days- with many trips to the outback and beyond. However, Yealering was always home.

Maisie loved the small town and became involved in the whole community. The church, choral group, Progress Association, school, tennis and golf clubs were among her interests.

In her final years she was well cared for in Kalkarni, Brookton where she retained her bright spirit to the end

What's On In Wickepin Shire

Mondays:

Watershed News -10th February - 14th December 2020

12. All items will be in good condition and the club reserve the right to vito and remove any badly worn, damaged, marked or clothing not fitting to the sale.

Signed: _____

Date: _____

Pricing

We understand that you and another seller with the same item may price your items differently. With this in mind we would suggest not pricing above the following pricing guideline.

- New with tags 60-70%
- 50% their original cost if they are used but still fairly new.
- 25% of original cost for anything a few years old
- 10% of original cost for everything else.
- There are, of course, exceptions. Some designer goods, antique jewellery and vintage pieces all tend to increase in value over time.

Clothing is to be dropped to either

Calling all kids from the age of 10 up.

A few years ago we had a YAK or Youth Advisory Council here run through the Resource Centre, I would like to see if we can get that up and running again.

The YAK is mainly run by the kids as the committee members for kids. At this stage I am seeing if there's interest enough to get together a group to start up. The more the merrier.

The last few years I have been involved with the Narrogin Youth Speedway Project. Not only do these kids race but they fundraise for the project and interact really well with both adults and other kids. They have a code of conduct policy which can include conduct at school and in the community as well. Other things we have done is basic first aid and fire awareness lessons, public speaking lessons, and interacting with the general community in a positive manner.

I would like to see some of these things come into play as well as just general kids activities as I think it's beneficial to both them and the community.

Grants are coming up and I would like the kids to think about some of the things they would like to do and if we have enough interest to start a group and apply for these grants.

Some ideas I suggested this morning to the High School kids for grant application were sports equipment, a stereo for discos etc. Some ideas to do were as above plus cooking, movies, outings, fundraising etc.

I would like to set a date for a meeting with those that would be interested to start a group to meet at the Pool for a chat on the 27th March from around 4.30pm. Parents feel free to remind them.

Regards

Pippa Ellis .

EOI Organic Soil Ameliorants

Just to give a heads up on another project planned to start this year that is aimed at lifting the productivity in poor performing sandy soils by finding the most cost-effective organic soil ameliorant, rate of application and incorporation method.

What we're looking for is a grower to help out with providing a suitable site for undertaking this research trial over the next three years. Ideally the site will have low standing stubble and be intended to grow a cereal crop this year and to be cropped through until 2023.

The types of ameliorants to be looked at are a combination of straw, hay and manure incorporated by either Speed tiller, Plozza plough, Mouldboard or Spader.

During the course of the trial all relevant biotic and abiotic factors will be monitored and tested, and a full economic analysis conducted to gauge the most cost-effective method for improving soil health and productivity in these targeted areas.

Above all we want these trials to be relevant and practical and would welcome any input at this development stage that would be beneficial for our growers, please feel free to get in touch or bring your ideas to our next grower group meeting and if you've got a patch of dirt on your property that you feel would be ideal for hosting this trial, please contact Chris Hetherington on 0409 868 514.

WICKEPIN RUBBISH TIP

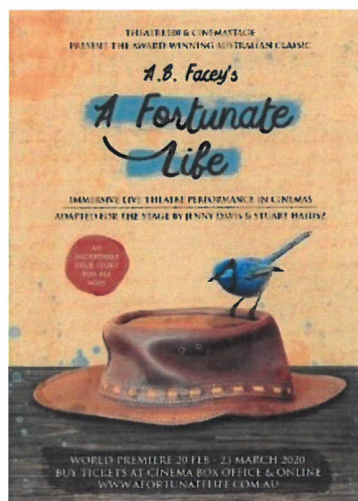

The access road to the Wickepin Rubbish Tip will be closed this Wednesday 11 March and re open the morning of Friday 13 March to enable gates to be erected. Within the next few weeks council's waste facility will only open from Friday 7.30am and close Monday 7.30am.

SMOKING RESTRICTIONS IN PUBLIC SPACES

Tougher new tobacco laws came into effect across WA on 18 March 2019. The Tobacco Products Control Act 2006 prohibit smoking in all enclosed public places including those on licensed premises. These regulations apply to **all public premises**.

The aim of Legislation is to reduce community exposure to second-hand smoke (SHS). The health effects of exposure to SHS are well documented and indisputable.

For the safety, enjoyment and respect of all patrons, please adhere to this Legislation and the recently erected NO SMOKING signs when utilising all council owned public buildings.

**A FORTUNATE LIFE – THEATRE PERFORMANCE IN CINEMAS**

A. B. Facey's award winning Australian classic autobiography has been adapted for stage and performed live, and is touring to Midland, Albany, Busselton and Geraldton cinemas from 20 February – 23 March 2020.

This is a unique opportunity to become immersed in modern history and experience the combined impact of live theatre and cinema.

Further information including screenings and ticket purchases can be found via www.afortunatelife.com.au or via their Facebook page.

A poster for the Shire of Wickepin 2020 Community Grants. It features a stick figure thinking, with a thought bubble that says "Have you got a great idea for your community group?". The text "SHIRE OF WICKEPIN" and "2020 COMMUNITY GRANTS" is in large, bold, orange letters. At the bottom, it says "ARE NOW OPEN" in large, bold, white letters. Below this, it says "Application forms are available to download via www.wickepin.wa.gov.au or contact the shire office." and "Please consult council's Community Development Officer to discuss proposed project prior to commencing application."

FENCE LINE CLEARING**Can I Clear Native Vegetation Along My Fence Line?**

If you are the owner of the property, you may clear a strip along a fence line **within your property** to the width necessary to provide **access** to construct or maintain a fence, provided that the clearing, combined with other limited exempt clearing (under the Regulations) on the property, does not exceed five hectares in the financial year in which the clearing takes place.

A separate exemption exists for clearing between private property and Crown land (e.g. a road reserve), provided that the clearing on the Crown land is no more than 1.5 metres from the fence and is required to enable **access** to construct or maintain a fence. This exemption applies to the owner of the land on which the clearing is to take place or with the prior authority of the owner, therefore in the case of a road reserve, **written approval from your local Shire must be obtained prior to undertaking the clearing.**

These exemptions do not apply in environmentally sensitive areas.

The onus is on the land owner and any other person carrying out the clearing on their behalf, to ensure compliance with the *Environmental Protection Act 1986* (EP Act), regardless of any advice given by the Shire.

It is important to read the exemption as a whole which is made up of the following requirements or elements:

1. It authorises the clearing of native vegetation on Crown land along a fence line; and
2. The clearing can only be for the purpose of providing **access** to construct or maintain a fence between private property and Crown land; and
3. (as a limitation to these first two parts of the exemption) –the clearing can be no more than 1.5 metres from the fence line.

If the intended clearing does not satisfy all of these requirements then the exemption does not apply, and a clearing permit is required.

The following images provide examples of this exemption:

1. The cleared tree pictured above is within Crown land and is along a fence line;
2. The cleared tree was preventing the property owner from being able to access and construct the new fence;
3. The cleared tree is less than 1.5 metres away from the fence line.

This clearing is authorised by the exemption.

1. The tree is within Crown land and is along a fence line;
2. The tree does not prevent the owner from being able to access and construct the new fence;
3. The tree is less than 1.5 metres away from the fence line.

The clearing of the tree would not be authorised by the exemption.

- | | |
|---|-------------------------------------|
| 1. The tree is within Crown land; | <input checked="" type="checkbox"/> |
| 2. The tree did not prevent the; owner from being able to access and construct the fence; | <input type="checkbox"/> |
| 3. The tree is more than 1.5 metres from the fence. | <input type="checkbox"/> |

The clearing of the tree was not authorised, Clearing

- | | |
|--|-------------------------------------|
| 1. The tree is within Crown land; | <input checked="" type="checkbox"/> |
| 2. The tree prevented the owner from being able to access and construct the fence; | <input checked="" type="checkbox"/> |
| 3. The tree less than 1.5 metres from the fence. | <input checked="" type="checkbox"/> |

- | | |
|--|-------------------------------------|
| 1. The tree is within Crown land; | <input checked="" type="checkbox"/> |
| 2. The cleared tree did not preventing the property owner from being able to access and construct the new fence; | <input type="checkbox"/> |
| 3. The tree is less than 1.5 metres from the fence. | <input checked="" type="checkbox"/> |

The clearing of the tree was not authorised, Clearing

Although a tree may have limbs that overhang a fence and there is a possibility that a tree limb could fall and damage the fence at a later point in time, the tree cannot be cleared under this exemption unless all three requirements are met. If the limbs do not impede access to the area to construct or maintain the fence (the second requirement) the exemption would not apply and a **clearing permit** issued by the Department of Water and Environmental Regulation (DWER) would be required. The limb itself could be removed (pruned) as it would not constitute 'clearing' as defined

under the EP Act if the removal of this limb does not cause substantial damage to the tree and the trunk of the tree is not severed.

This exemption does not authorise the wholesale clearing of all native vegetation on the Crown land within 1.5 metres of the fence line, it only authorises the clearing of as much vegetation as is necessary "to provide access to construct or maintain a fence".

Any clearing undertaken must be done in such a way to limit damage to neighbouring vegetation.

Should you need further assistance regarding fence line clearing on Crown land i.e. road reserve within 1.5 metres of the fence line, then please contact the Shire of Wickpin on 9888 1005 or via email to admin@wickepin.wa.gov.au.

Unauthorised Clearing of Native Vegetation

The clearing of native vegetation in Western Australia without authorisation is an offence under the *Environmental Protection Act 1986*. **Unlawful clearing by individuals can result in fines of up to \$250,000.** Guide lines on clearing exemptions and applications for clearing permits are available on the DWER website www.dwer.wa.gov.au

SWIMMING POOL CLOSURE

The Wickpin Swimming Pool will be closed Friday 13 March 2020. We apologise for any inconvenience this may cause.

RATES INSTALMENTS

Final rates instalments are due by 28 March 2020.

To avoid interest charges, be sure to make your payment before the due date.

COTTAGE HOMES – VACANT UNIT

Council currently has 1 x 1 bedroom unit available for rent.

NEW BOOKS!

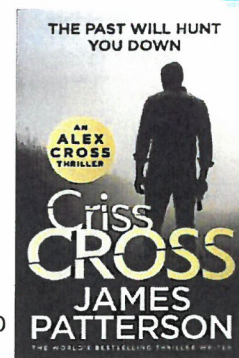

ADULT FICTION

James Patterson - Criss Cross - After witnessing the execution of Michael Edgerton, a man he helped convict of several murders, Alex Cross thought he could finally put the case behind him.

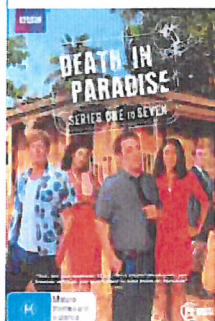

But when a body turns up with a note signed by 'M', Alex knows that the nightmare is far from over.

Accused by Edgerton's family of framing him for murder, Cross fights to clear his name as the case against him builds.

And as more notes - and more bodies - start appearing, Cross is determined to put an end to this case once and for all.

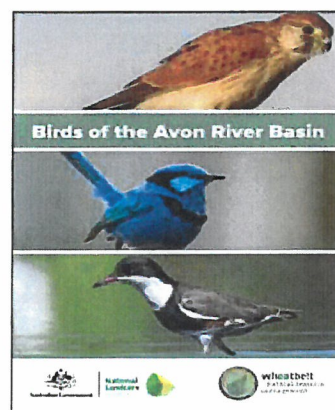

ADULT DVD

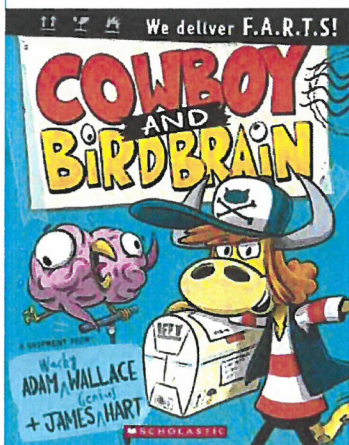

Death in Paradise Box Set (Series 1-7) - Packed with captivating mysteries and loaded with beloved characters, this enduring crime series continues to delight audiences across the globe. Now you're in for a real treat as all 6 series take you on mesmerising adventures through the sparkling Caribbean island of Saint-Marie, where everything isn't as idyllic as it seems. British detectives DI Richard Poole (Series 1 - 2) and DI Humphrey Goodman (Series 3 - 7) find themselves setting up home in the Caribbean as they arrive to head up the local police force and go on to solve a series of mystifying and puzzling murders. While Saint Marie may at first appear to be a paradise on earth, both DI Poole and DI Goodman soon discover that where there's sun, sea, sand and palm trees...there's nearly always murder!

ADULT NON-FICTION

Birds of the Avon River Basin - Australia has an incredible diversity of bird species, with 898 recorded, including vagrants or accidental visitors and introduced species. Of this total, Western Australia has 550 species, 17 of which are found only in Western Australia. The Avon River Basin has a remarkable 224 recorded species - over 25 percent of the national total.

JUNIOR FICTION

Cowboy and Birdbrain - Adam Wallace and James Hart - Cowboy and Birdbrain are best friends who work for I.F.F.Y. delivery company, a company that do the riskiest, zaniest, most bizarre deliveries ever. They are known for their F.A.R.T.S. (Fast and Reliable Tracking Service). Cowboy is the brains of the operation, and Birdbrain, well, he is a brain but he is just not brainy if you get the drift... Anyway, this dubious duo are not the best or even second best deliverers at IFFY DELIVERIES. They are the WORST. But they are also the funniest! Join Cowboy and Birdbrain on their WACKY adventure, when their boss gives them the following job: URGENT DELIVERY! To: Ship in the Middle of the Ocean. WARNING: Do not get package wet!

BREAKFAST BARS

INTRODUCTION

From Nigella: I am addicted to these, and so is everyone I give them to. Although they're quick to throw together, they do take nearly an hour to bake, so what I suggest is, make a batch at the weekend and then you will have the oaty, chewy bars ready and waiting for those days when you have to snatch breakfast on the hoof.

Mind you, they are just like milk and cereal in bar form, so there's nothing to stop you nibbling at one with your morning coffee at home every day. If you are not a morning person, believe me, they will make your life easier. They also store well; indeed, they seem to get better and better. So just stash a tin with them and remove as and when you want.

INGREDIENTS - Makes: 16 bars

- 1 x 14 ounces can sweetened condensed milk
- 2½ cups quick-cooking oats (not instant)
- 1 cup shredded coconut
- 1 cup dried cranberries
- 1 cup mixed seeds (pumpkin, sunflower, sesame)
- 1 cup natural unsalted peanuts

METHOD

Preheat the oven to 130°C/110°C Fan/gas mark ½/250°F, and oil a 23 x 33 x 4cm / 9 x 13 inch baking tin, or use a throwaway foil one.

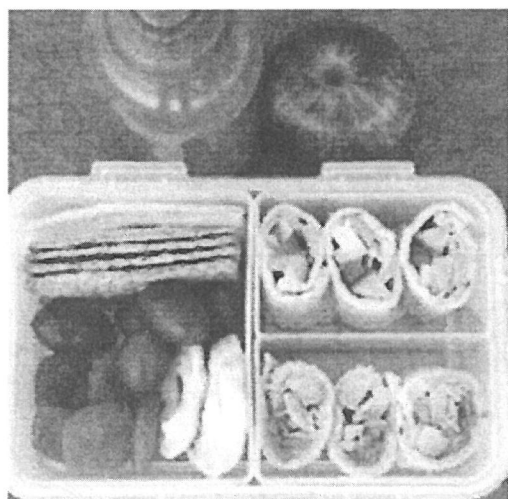

Warm the sweetened condensed milk in a large pan.

Meanwhile, mix together all the other ingredients and then add the warmed sweetened condensed milk, using a rubber or wooden spatula to fold and distribute.

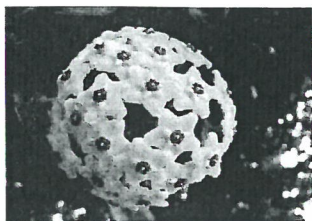

Spread the mixture into the tin and press down with the spatula or, better still, your hands (wearing disposable vinyl gloves to stop you sticking), to even the surface.

Bake for 1 hour, then remove from the oven and, after about 15 minutes, cut into four across, and four down to make 16 chunky bars. Let cool completely.

Back to School Lunch Ideas:

Garden Snippets...

A-Hoya There!...Heavenly Hoyas...

With their large scented pendulous blooms, Hoyas (Wax Flowers) are a hardy evergreen flowering favourite for many gardeners. Their small root requirements make them perfect for pots or in the ground. Either way, be sure to provide them with a trellis or climbing vessel along which they will happily trail. Hoyas are not fussy, and will flourish in very bright light, dappled shade areas and under patios. In warmer weather they require regular watering to maintain their beautiful blooms throughout summer.

Here's what they need:

Location: Hoyas grow in most parts of Australia, where winter is mild. They are epiphytic, which means they get their moisture and nutrients from the air or small pools of water that collect on the support plant. Hoyas have small roots, traditionally living and trailing along in high trees for support and feeding from rotting leaf matter. They are not parasitic, and their small root requirements make them perfect for pots. They don't mind at all being root bound, as long as the growing media is free draining.

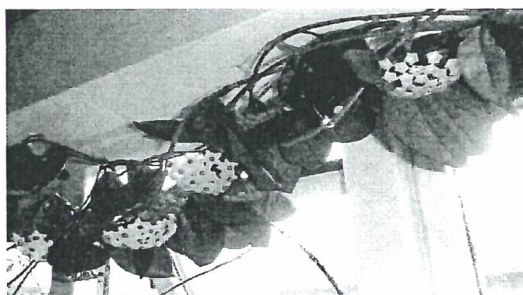

Lighting: Hoyas thrive in bright light, dappled shade and under patios in warmer areas, but need protection from harsh summer sunlight and severe winter frosts. In cooler areas they will tolerate more sun exposure in winter. They do require some sunlight to flower well, so morning sun or dappled shade are ideal positions for flowering.

Watering: Originating from the tropics, Hoyas flourish with watering well in the warmer months and a little less in the winter months.

Fertilising: Feeding hoyas before their flowering season and during flowering using soluble plant food or orchid fertiliser will greatly encourage more blooms.

Flowering: Occurs during the warmer months. Flowers are produced from penduncles protruding from the same stem junction each year, so it is important not to cut the flowers off after they have finished flowering. They will drop off on their own. In addition to older flower heads, new growth will form every year, creating new penduncles.

Propagation: Hoyas are easily propagated from cuttings with stem nodes, or by leaf cuttings, taken at any time.

wheatbelt
natural resource
management

We want you ... and your woodlands

Do you have a Eucalypt Woodland* in the Wheatbelt you would like to protect? It may be on your property or a local community reserve or creekline

These unique woodlands are listed as critically endangered and need your help!

We can provide support to

- control feral animals impacting the woodlands
- create and improve habitat for the birds and animals that call these woodlands home

Get your application to us by Thursday 26 March 2020 to be in the first round of projects

* The Eucalypt Woodland will need to meet a range of specific criteria

Find out how you can protect your Wheatbelt Woodlands. **Register your interest now!**

If you have any questions, or would like to discuss your project, please contact Anika Dent at
adent@wheatbeltnrm.org.au or 9670 3104

www.wheatbeltnrm.org.au/funding

National
Landcare
Program

This project is supported by Wheatbelt NRM through funding from the Australian Government's National Landcare Program

WALRC Livestock Matters Forum

A really interesting day out for livestock producers

Kulin Rec Centre Thursday March 26

12.15 Lunch - Kulin Rec Centre

- 1.00pm** **Keynote address:** Michael Craig runs a mixed broadacre livestock and cropping enterprise with 18,000 sheep and 500 breeders at Harrow in the western districts of Victoria. Considered an 'early adopter' of all things high-tech, with science-based evidence of their application, Michael will share his main production 'leaps' achieved through this approach over the last 5 years.
- 1.45pm** **Vet talk: What's going on in this patch:** We explore what are the livestock animal health challenges locally at the moment, giving us food for thought about what responses and action is needed.
- 2.15pm** **Meet your researchers:** In this segment we have a series of short presentations from MLA, Murdoch, CSIRO, UWA and DPIRD and a chance to hear about some of the latest livestock industry research projects underway.
- 3.00pm** Break
- 3.30pm** **Discussion forum:** WALRC chairman Dr Tim Watts leads the discussion session on the issues holding your livestock business back, drawing inspiration from the session's speakers.

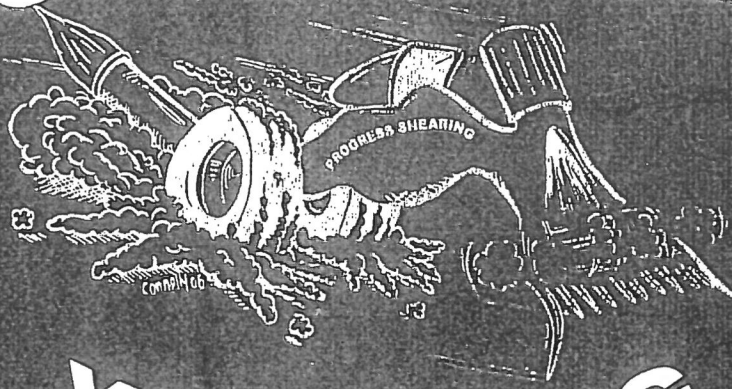

Refreshments courtesy of WALRC to follow

Please RSVP to WALRC* so that we can plan our catering!

Email admin@walrc.com.au or text Esther Jones 0418 931 983 with names

**About WALRC: The WA Livestock Research Council is an initiative of MLA that partners with DPIRD, CSIRO, Murdoch and UWA to identify the research needs of WA's beef and sheep producers. Our forums are an ideal opportunity for livestock producers to influence the best spend of their R&D levy.*

Wickepin Bowling News

Results for the Men's pennants on the 8th March: -

1st Division: Brookton 7 Wickepin 1

2nd Division: Brookton 6 Wickepin 0

On Saturday 14th March 2nd Division will play in the semi-final in Narrogin.

On the 4th March the ladies played pennants at Wickepin, against Brookton.

Results: Wickepin 4 Brookton 0

Two teams will be going to Williams on Wednesday the 11th to play in the pennant final.

On Sunday 8th March saw the completion of the lady's singles championship. The winner was Marion Hook and runner-up Leanne Smith. Marion and Leanne will now progress to the league championship singles to be held on the 18th March in Pingelly.

Wickepin will be holding their Gala Day on Friday 13th March. This should be a great day with 24 teams playing.

Our end of season wind-up will be held on 3rd April at 6.30pm.

Names will need to be into Marion Hook by Monday 30th March.

WICKEPIN TENNIS CLUB SINGLES CHAMPIONS

Congratulations to the 2020 Wickepin Tennis Club Singles Champions - Keith O'Brien and Renae Bransby. A great day and biggest congratulations to our runners up players Kelly Steere and Grayden Lang.

Final Scores

Renae 4-6, 6-0, 6-2

Keith 6-3, 6-2

Thank you to all the players and supporters who came on the day!

LAKE YEALERING BOWLING CLUB

Saturday 29th February 2020

No local bowls due to Mens Country Week Bowls

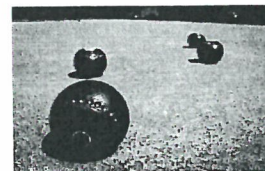

Saturday 7th March 2020 Pennant Game Yealering v
Narrogin

RESULTS: YEALERING V NARROGIN SCORE Yealering 5 - Narrogin 1

This was the last Pennant game for the Season. Finals begin Saturday 14th March in Narrogin.

LEAGUE PAIRS were held in Yealering Sunday 8th March 2020 in hot and sticky conditions.

Finals Playoff between BROOKTON (Bevan Fancote and Les Davis) and PINGELLY (Clem Nottle and Aaron Judge). BROOKTON were the eventual winners.

... When one door closes and another door opens, you are probably in prison.

... To me "drink responsibly" means don't spill it.

... When I say, "The other day," I could be referring to any time between yesterday and 15 years ago.

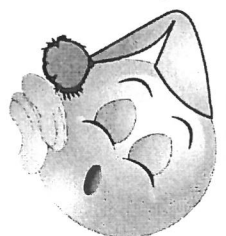

... Interviewer: "So, tell me about yourself."

Me: "I'd rather not. I kinda want this job."

THE MAN WITH GOOD INTENTIONS

One day he rested on his bed to meditate on life;
He tried to work out why this poor old world is full of strife.
He felt so peaceful lying there and thinking thoughts so deep,
But instead of finding answers, he just went and fell asleep.
When he woke up the sun was low. The clouds had turned to gold.
He hadn't solved one problem and his body ached with cold.
Tomorrow he would help mankind, he wasn't certain how.
He knew he'd have to start somewhere and fix it all somehow.
Perhaps he could attempt to find a really worthy cause;
Some wrong to right. He'd even fight to change existing laws,
But though his thoughts were active as he lay upon his bed,
The outcome of his thinking only caused an aching head.
With injustice all around him and the will to make it right,
He could utilize his talents. He could get right in and fight,
But the pain of indecision seemed to plague him quite a lot.
He just knew he had to do it, but he didn't quite know what.
The next day dawned and there it was; the answer to his plea;
He'd run for office, win the votes and do it all for free!
He couldn't though, for cash was short to run a good campaign
And he couldn't find supporters, though he looked for them in vain.
So he came to the conclusion that he wasn't quite the sort
To try assisting others and doing what he ought.
It made him feel uncomfortable and sometimes rather blue.
If he went out and pulled his weight, what would the others do?

Maxine L. McIlvenie
